

TELKOM KUPANG PLANTS 1000 TREES

*** Program FLOBAMORA Kupang Clean & Green that was proclaimed by the government of Kupang and initiated by a daily morning newspaper, Timor Express around Kandatel Kupang Kupang Area CDC through the planting of 1000 mahogany trees. This tree planting takes place in the village Penfui Kupang City, attending the event was employees of Telkom Kupang, Penfui Government Officials, Yuven Beribe, the community of Penfui, Special forces (Paskas) TNI AU Penfui Kupang and elementary school students from Inpres Penfui School. Also following this activity, the journalist, James said that the tree planting is an action for the second time after the first tree planting in the area of Eltari Main Road in Kupang, and in addition to participating in this event, the Kupang City Government program succeeded also to attempt to anticipate the damage to the environment globally. Telkom handed over maintenance authority entirely to the people and local government of Penfui. Yuven Beribe says his team have been coordinating with the head of the local government and community leaders so that local communities together to keep pets away from the newly planted trees.
